Objective

To obtain a web development position building the front-end and/or back-end of web sites.

Experience

Tencent 腾讯

Mar 2010 – Apr 2013
Tencent
Shenzhen, China

Web Developer

- Responsible for the development and maintenance of QQ VIP sites: vip.qq.com and m.vip.qq.com.
- Developed loads of activity and promotion pages on vip.qq.com.
- Built several operation support systems and internal tools for the QQ VIP sites, such as user notification, virtual prize delivery, refined marketing, activity management, etc.
- Created an internal used PHP framework Vii, which is based on Yii.

Infosys®
POWERED BY INTELLECT
DRIVEN BY VALUES

Sep 2006 – Apr 2007
Infosys
Mysore, India

Intern

- Trained in the Mainframe stream class for 3 months, which taught JCL, COBOL, CICS, DB2, VSAM File Processing and Quality Assurance.
- Worked in the Data Mining Team of SETLabs for 4 months, and participated in the project "Using Text Tagging and Annotation Engine Java Libraries in .NET Applications".

Personal Projects

Apr 2013 – Present

Do Less

Do Less is a companion app for the native Reminders app on iOS, by which you could choose the three most important tasks to do at a time. Do Less helps you focus and accomplish more by doing less.
